

An Open Science Resource for Establishing Reliability and Reproducibility in Functional Connectomics: Supplementary Information

Table of Contents

Supplementary Figure 1 2

Quality assessment metrics of sMRI scans in CoRR (N = 3357)

Supplementary Figure 2 3

Quality assessment metrics of rfMRI scans in CoRR (N = 5093)

Supplementary Figure 3 4

Quality assessment on head motion of rfMRI scans in CoRR (N = 3357)

Supplementary Figure 4 5

Test-retest plots of site-related mean and coefficient of variation across common derivatives (N = 1019) for the 75th percentile (mean, 1st column; coefficient of variation, 2nd column) and the 90th percentile (mean, 3rd column; coefficient of variation, 4th column)
