March 14, 2016

Supplementary Video Legends

Supplementary Video 1 | BBSO NST/VIS $H\alpha+1.0\text{\AA}$ image sequence.

The $H\alpha+1.0\text{\AA}$ images are displayed at one third of the original spatial resolution. In the plot of the GOES soft X-ray 1-8 $\text{\AA}$ light curve, the time of each $H\alpha+1.0\text{\AA}$ image is indicated with the vertical line.
