

Supplementary information

How national missions reshape policy networks: evidence from China's STI policy-making collaborative network, 1978–2023

Supplementary Table S1 Abbreviations of policymaking actors by category.

The table lists every central-level agency that appears as a co-issuer in the 1,010 science, technology and innovation policy documents analysed in the main article, grouped into the four categories defined in the Methods section. Agency names are those of present-day successor bodies, following the harmonisation rules set out in the main article.
