

Graph properties of a pair of proteins P1 - P2

Average Betweenness Centralities of pair
P1 - P2

Average Closeness Centralities of pair
P1 - P2

•
•
•

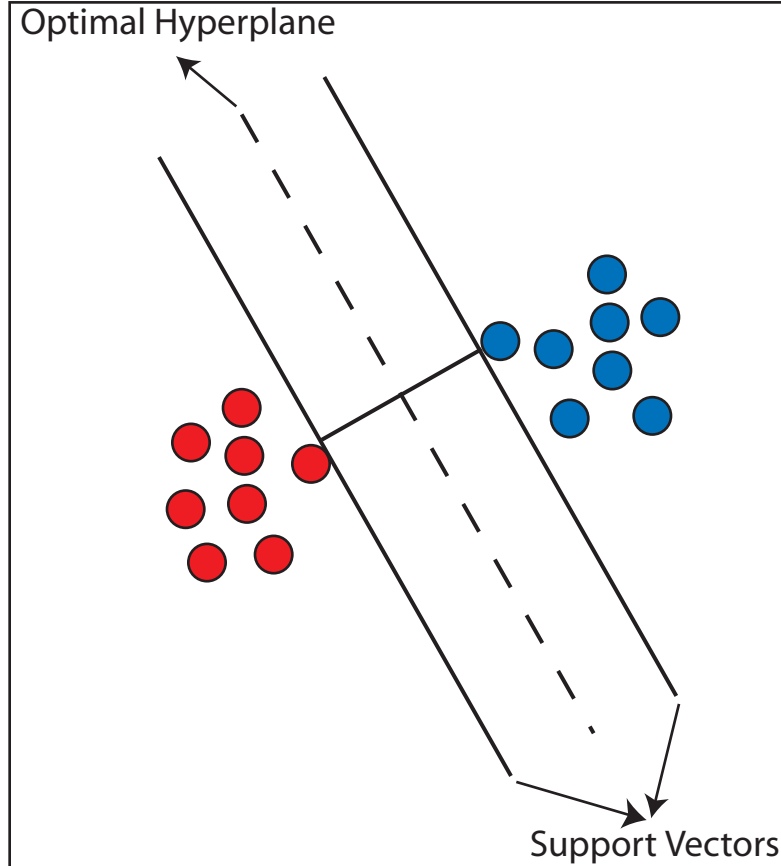

Absolute difference between Betweenness
Centralities of pair P1 - P2

Absolute difference between Closeness
Centralities of pair P1 - P2

•
•
•

Shortest distance between P1 & P2

Mutual neighborhood of P1 & P2

Output between
0 and 1 measures
the propensity of
SL interaction
