

Acetylated peptides position 1
(NatC and others) ; n=36

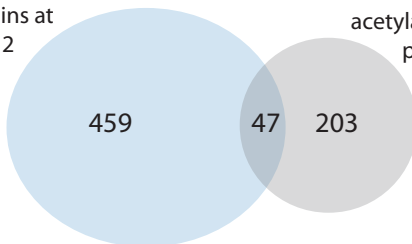

Acetylated peptides position 1
(NatB) ; n=63

Acetylated peptides position 2
(NatA) ; n=407

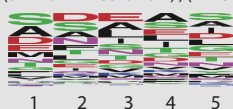

acetylated proteins at
position 1 or 2

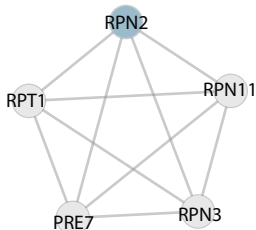

acetylated proteins at
position >2

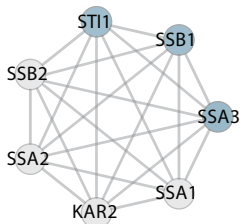

Acetylated peptides position >2
(unknown mechanism) ; (n=250)

Proteasome

Chaperones

Generation of precursor
metabolites and energy
