

SQ 1: I was satisfied with the internal medicine semester.

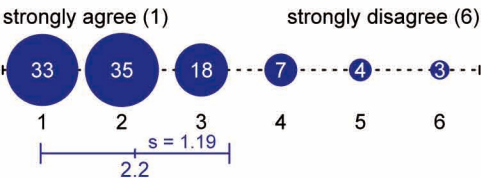

SQ 3: The schedule in the internal medicine semester left enough time for self-study.

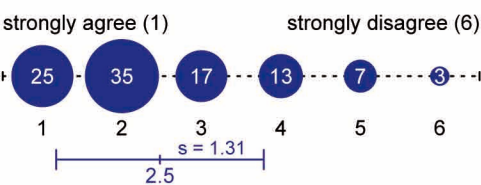

SQ 5: I would have preferred more time for self-study.

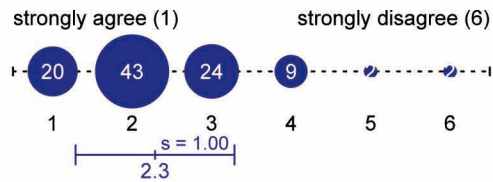

SQ 7: I would prefer to take multiple smaller exams during the semester.

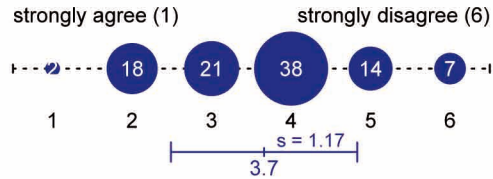

SQ 9: I would have appreciated a more even distribution of mandatory classes over the internal medicine and the surgical semester.

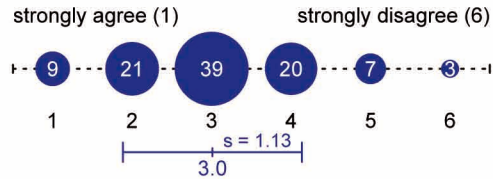

SQ 2: I was satisfied with the surgical semester.

SQ 4: The schedule in the surgical semester left enough time for self-study.

SQ 6: I felt well prepared for the exams.

SQ 8: I would prefer to have a single final exam at the end of the semester.
