

**Sensitivities with different RRs
in detecting the circular cluster
with larger population size**

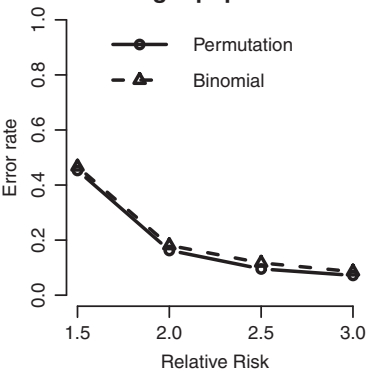

**Sensitivities with different RRs
in detecting the long cluster
with median population size**

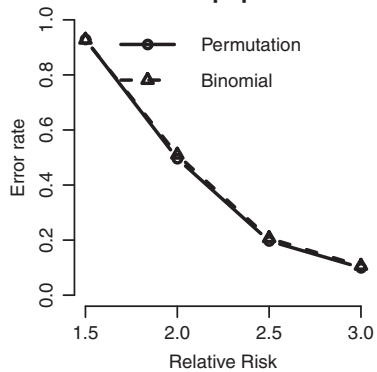

**Sensitivities with different RRs
in detecting the Y-shaped cluster
with fewer population size**

**Error rates with different RRs
in detecting the circular cluster
with larger population size**

**Error rates with different RRs
in detecting the long cluster
with median population size**

**Error rates with different RRs
in detecting the Y-shaped cluster
with fewer population size**
