

Monahan, Pereira, & Wake:
Ring Distributions Leading to Species Formation

Additional file 3. Principal component scores (PC1, PC2) for each summary statistic included in the topographic ring model.

Summary Statistic	PC1	PC2
Area	-0.508	0.026
Perimeter	-0.500	-0.083
Latitudinal extent	-0.481	-0.167
Perimeter-to-area ratio	0.459	-0.246
Mean distance from equator	0.125	-0.778
Fragmentation	-0.185	-0.547
