

N=202
Patients screened

Screen failure n=119
Did not meet protocol eligibility n=115
Lost to follow up n=2
Patient declined n=2

N = 83
Patients randomized

No post-measurement LDL-C values n = 20
n=13 in the ezetimibe group
n= 7 in the statin group

Add-on Ezetimibe
ITT population N=29
Safety population N=42

Doubling Statin Dose
ITT population N=34
Safety population N=41
