

(a)

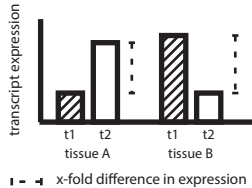

genes expressed in
at least 2 tissues
(n=14,626)

genes expressed in all
the 16 tissues
(n=4,801)

- recurrent major transcript
- other
- involved in 2-fold switch events
- involved in 5-fold switch events
- involved in strong switch events

(b)

transcript expression

t1 t2 t1 t2

tissue A tissue B

x-fold difference in expression
