

No major head injury (○)

Major head injury (●)

**Supplemental Figure 3. SOFA score versus TCC.**

Sequential Organ Failure Assessment (SOFA) score at day 0, 4, 7, and 9 after trauma, plotted against admission Terminal Complement Complex (TCC), TCC-AUC₃₋₆, and same-day TCC values. Open symbols represent patients without major head trauma; filled symbols represent patients with major head trauma. Data presented are numbers (n), Spearman's correlation coefficients (ρ) and p-values.
