

Topic	Item	Checklist item description	Reported on Line
Title	1	The diagnosis or intervention of primary focus followed by the words “case report”	Title
Key Words	2	2 to 5 key words that identify diagnoses or interventions in this case report, including "case report"	Abstract: keywords
Abstract (no references)	3a	Introduction: What is unique about this case and what does it add to the scientific literature?	Introduction: Sentences 2-3
	3b	Main symptoms and/or important clinical findings	Case presentation: Sentences 1-2
	3c	The main diagnoses, therapeutic interventions, and outcomes	Case presentation: Sentences 3-4
	3d	Conclusion—What is the main “take-away” lesson(s) from this case?	Conclusion: Sentence 4
Introduction	4	One or two paragraphs summarizing why this case is unique (may include references)	Background: para. 4
Patient Information	5a	De-identified patient specific information.	Case presentation: para. 1, sentence 1
	5b	Primary concerns and symptoms of the patient.	Case presentation: para. 1, sentence 1
	5c	Medical, family, and psycho-social history including relevant genetic information	N/A
	5d	Relevant past interventions with outcomes	Case presentation: para. 1, sentences 1-2
Clinical Findings	6	Describe significant physical examination (PE) and important clinical findings.	Case presentation: para. 1, sentences 3-6
Timeline	7	Historical and current information from this episode of care organized as a timeline	Case presentation: para. 1, sentences 1-2
Diagnostic Assessment	8a	Diagnostic testing (such as PE, laboratory testing, imaging, surveys).	Case presentation: para. 2
	8b	Diagnostic challenges (such as access to testing, financial, or cultural)	Discussion: Diagnostic Pitfalls
	8c	Diagnosis (including other diagnoses considered)	Discussion: Thromboembolic recurrence
	8d	Prognosis (such as staging in oncology) where applicable	N/A
Therapeutic Intervention	9a	Types of therapeutic intervention (such as pharmacologic, surgical, preventive, self-care)	Case presentation: para. 2, post-systemic thrombolysis follow up
	9b	Administration of therapeutic intervention (such as dosage, strength, duration)	Case presentation: para. 2, post-systemic thrombolysis follow up
	9c	Changes in therapeutic intervention (with rationale)	Case presentation: post-systemic thrombolysis follow up; Discussion: thromboembolic recurrence
Follow-up and Outcomes	10a	Clinician and patient-assessed outcomes (if available)	Case presentation: para. 2, post-systemic thrombolysis follow up, para. 2
	10b	Important follow-up diagnostic and other test results	Case presentation: post-systemic thrombolysis follow up;
	10c	Intervention adherence and tolerability (How was this assessed?)	Case presentation: post-systemic thrombolysis follow up
	10d	Adverse and unanticipated events	Case presentation: post-systemic thrombolysis follow up
Discussion	11a	A scientific discussion of the strengths AND limitations associated with this case report	Strength: discussion, para. 1; Limitation: discussion, thromboembolic recurrence, para 5-sentence 6, para. 5-sentence 6
	11b	Discussion of the relevant medical literature with references .	Discussion: thromboembolic recurrence, para. 3-6
	11c	The scientific rationale for any conclusions (including assessment of possible causes)	Discussion: thromboembolic recurrence
	11d	The primary “take-away” lessons of this case report (without references) in a one paragraph conclusion	Conclusion
Patient Perspective	12	The patient should share their perspective in one to two paragraphs on the treatment(s) they received	N/A
Informed Consent	13	Did the patient give informed consent? Please provide if requested	Yes ☒ No ☐
