

Chromosome 1

Quail Genetic Map CJA1

Markers physical organization in Chicken GGA1

Chromosome 2

Quail Genetic Map CJA2

Markers physical organization in Chicken GGA2

Chromosome 3

Quail Genetic Map CJA3

Markers physical organization in Chicken GGA3

Chromosome 5

Quail Genetic Map CJA5

Markers physical organization in Chicken GGA5

Chromosome 6

Quail Genetic Map CJA6

Markers physical organization
in Chicken GGA6

Chromosome 7

Quail Genetic Map CJA7

Markers physical organization
in Chicken GGA7

Quail Genetic Map CJA8

Markers physical organization in Chicken GGA8

Chromosome 9

Quail Genetic Map CJA9

Markers physical organization
in Chicken GGA9

Chromosome 11

Quail Genetic Map CJA11

Markers physical organization
in Chicken GGA11

Chromosome 13

Quail Genetic Map CJA13

Markers physical organization
in Chicken GGA13

Chromosome 18

Quail Genetic Map CJA18

Chicken Markers physical organisation GGA18

Chromosome 20

Quail Genetic Map CJA20

Markers physical organization
in Chicken GGA20

Chromosome 22

Quail Genetic Map CJA22

Markers physical organization
in Chicken GGA22

Chromosome 25

Quail Genetic Map CJA25

Markers physical organization
in Chicken GGA25

Additional Figure 3 ñ Comparison between the Quail genetic map and the Chicken physical map.

Comparative cartography between the Quail genetic map (Left, in cM) and the Chicken physical organization of the markers (Right, in Mb). Crossing lines shows the existence of chromosomal rearrangements.
