

**Table S7**

Level of brown trout introgression into marble trout.

| Hybrids | Brown trout introgression (%) |
|---------|-------------------------------|
| H3      | 57,1                          |
| H4      | 53,6                          |
| H1      | 50                            |
| H2      | 50                            |
| H6      | 46,4                          |
| H5      | 42,9                          |
| H7      | 39,3                          |
| H11     | 35,7                          |
| H8      | 32,1                          |
| H13     | 21,4                          |
| H9      | 15,4                          |
| H10     | 14,3                          |
| H12     | 10,7                          |
