

A

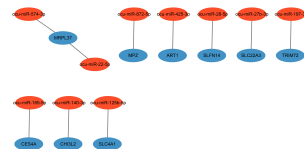

B

C

Target genes of miRNAs in miRC4

D

Target genes of miRNAs in miRC7

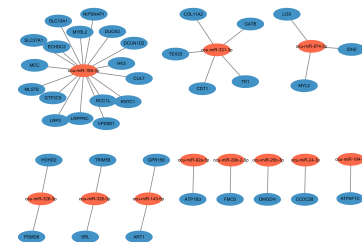

Figure S3. The expression of miRNAs with most number of targets and target prediction of miRNAs in miRC2, miRC4, and miRC7. (A) The expression of miRNAs with most number of targets. (B - D) target prediction of miRNAs in miRC2, miRC4, and miRC7. The red and blue nodes show the miRNAs and mRNAs, respectively.
