

B

D

Supplementary Figure 6 Diagram of the co-occurrence network at the ITS OTU. A: in GA; B: in GD_understory; C: in GD_roadside; D: in GE. The network contains the species node and sample node, and their wires represent that the sample contains the species. GA, *Geoderma attenuatum*; GD, *Geodorum densiflorum*; GE, *Geodorum eulophioides*; ITS, internal transcribed spacer; OTU, operational taxonomic unit.
