

Relationship between inbreeding coefficients.

Pearson's correlation coefficient and linear regression are estimated separately for each population

Population	Correlation (Pearson)	R-Squared	P
Ixworth	0.97	0.94	2.75e-30
Red junglefowl	0.96	0.91	8.89e-14
Broiler line A	0.99	0.98	1.10e-16
Broiler line B	0.92	0.86	5.61e-09
Brown layer	0.92	0.85	5.15e-10
White layer	0.87	0.76	2.89e-08
