

A**B****Intron length**

Mean 80.5 ± 44.7 bp
Median 54.0 bp
Min 32 bp
Max 1152 bp

Additional file 5: Characteristics of the 2,539 spliceosomal introns. **A.** Patterns of the 5' splice site, branch point and 3' splice site, along with the mean and the median of the S1 and S2 distances. **B.** Distribution of intron length.
