

Fig. 5C

Fig. 5C The EMSAs between PstR protein and the *psrA* promoter. Fig. 5C in the manuscript was cropped from this figure.

Fig. 5D

Fig. 5D The EMSAs between PsrA protein and the *fadB* promoter, and 16S rDNA as a control. Fig. 5D in the manuscript was cropped from this figure.

Fig. 5E

Fig. 5E The EMSAs between PsrA protein and the *fadD* promoter, and 16S rDNA as a control. Fig. 5E in the manuscript was cropped from this figure.

Fig. 5F

Fig. 5F The EMSAs between PsrA protein and the *fadI* promoter, and 16S rDNA as a control. Fig. 5F in the manuscript was cropped from this figure.

Fig. 5G

Fig. 5G The EMSAs between PsrA protein, and the *fadE* and *fadE1* promoter. Fig. 5G in the manuscript was cropped from this figure.

Fig. S2

Fig. S2 The EMSAs between PsrA protein and the *psrA* promoter, and 16S rDNA as a control. Fig. S2 in the supplemental file was cropped from this figure.
