

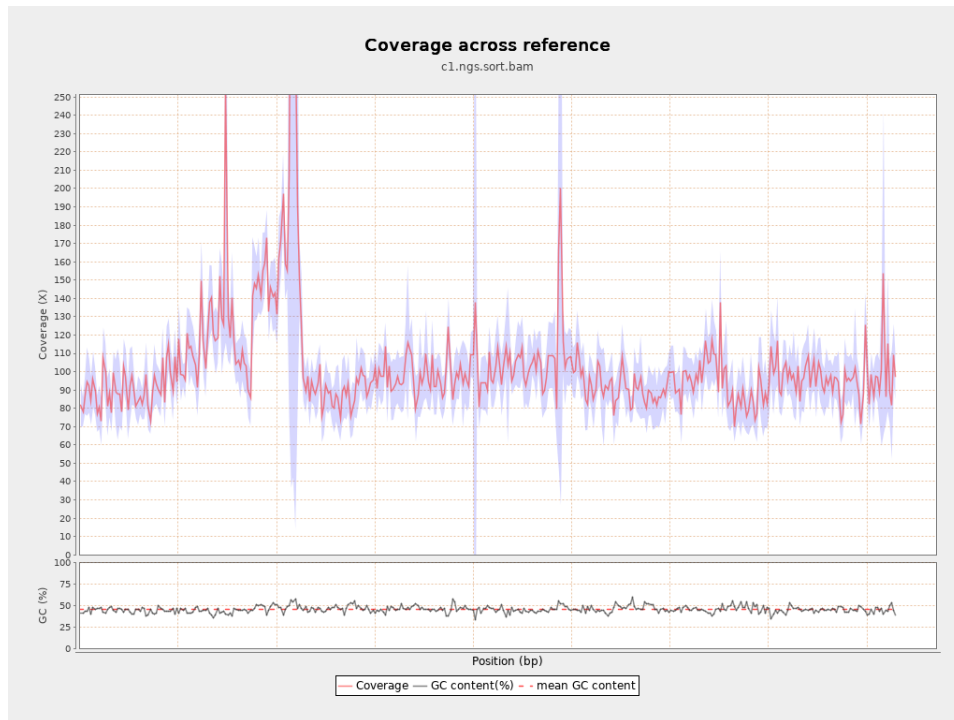

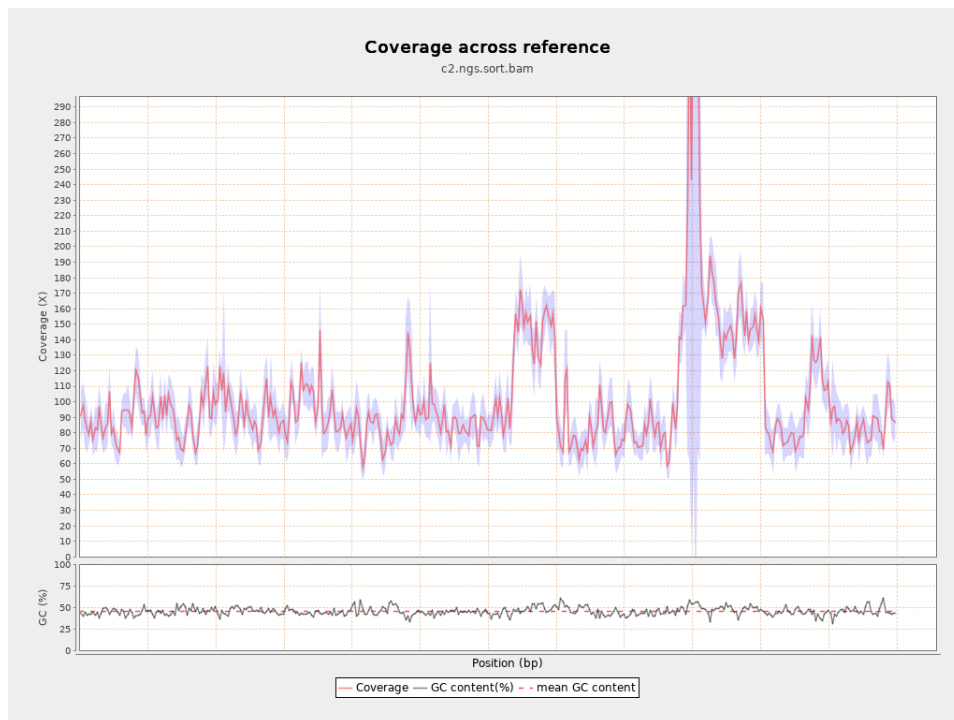

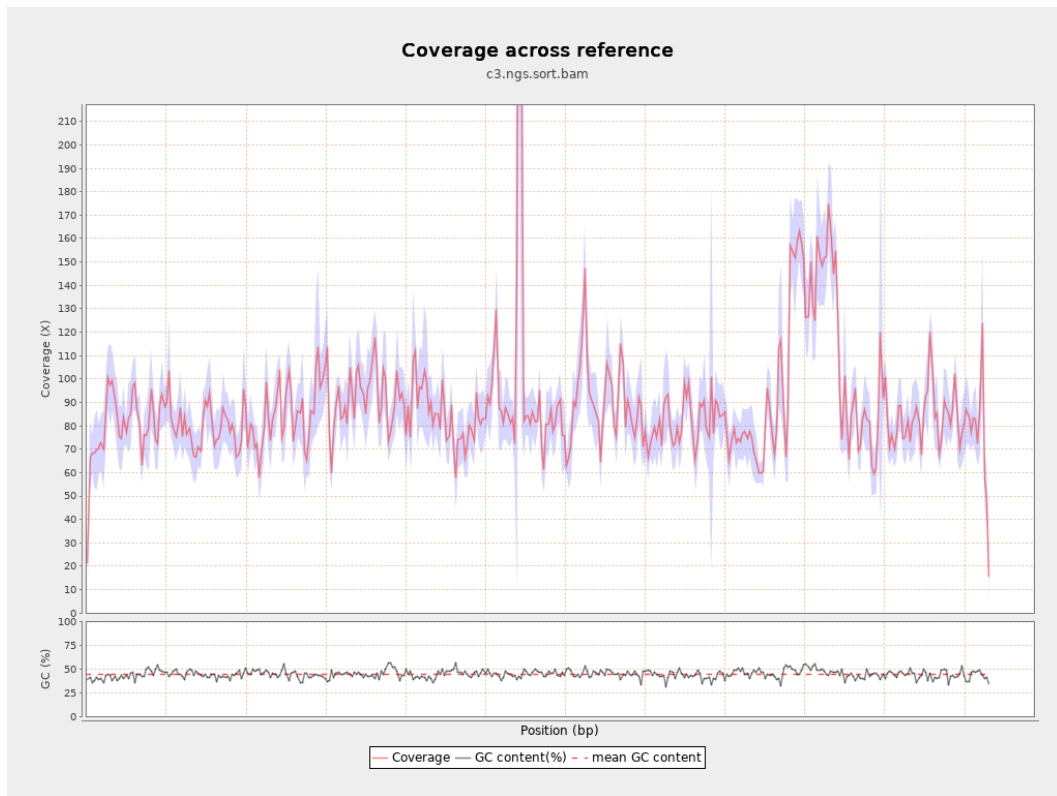

Fig. S1 The depth of coverage among mitogenome. A-C represent the depth of Illumina reads mapped to the three assembly mitochondrial chromosomes, D-F represent the depth of PacBio reads mapped to three assembly mitochondrial chromosomes.

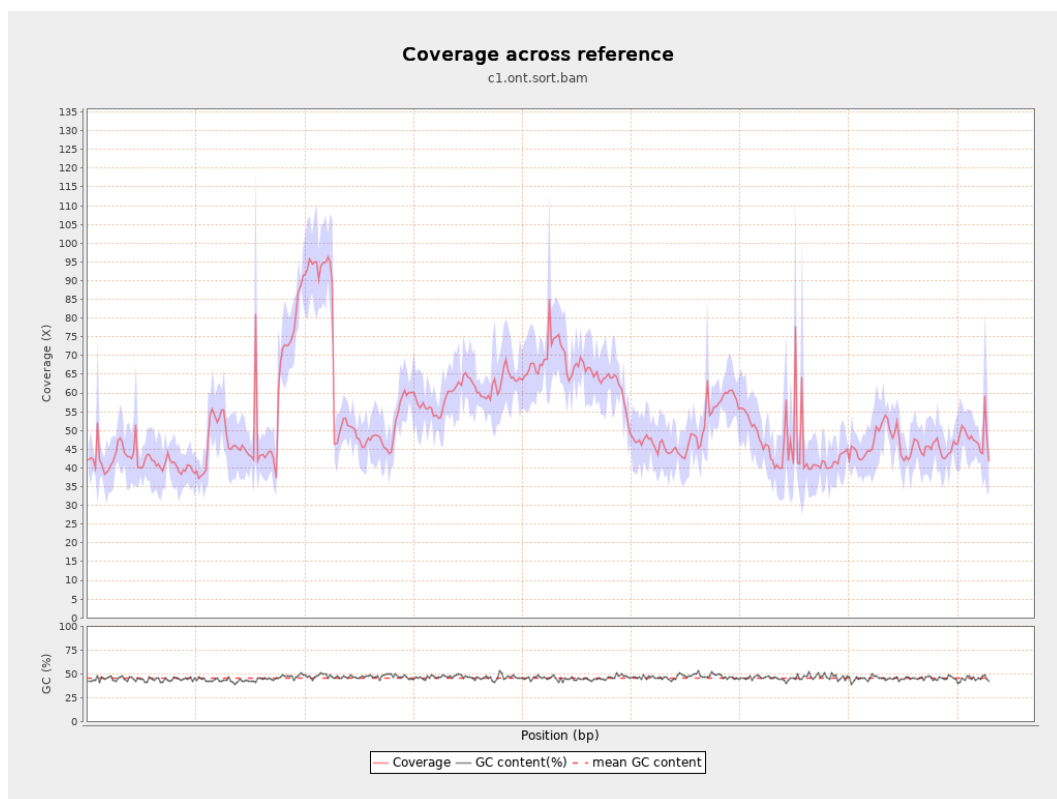

A. Depth of Illumina reads mapped to Chr1

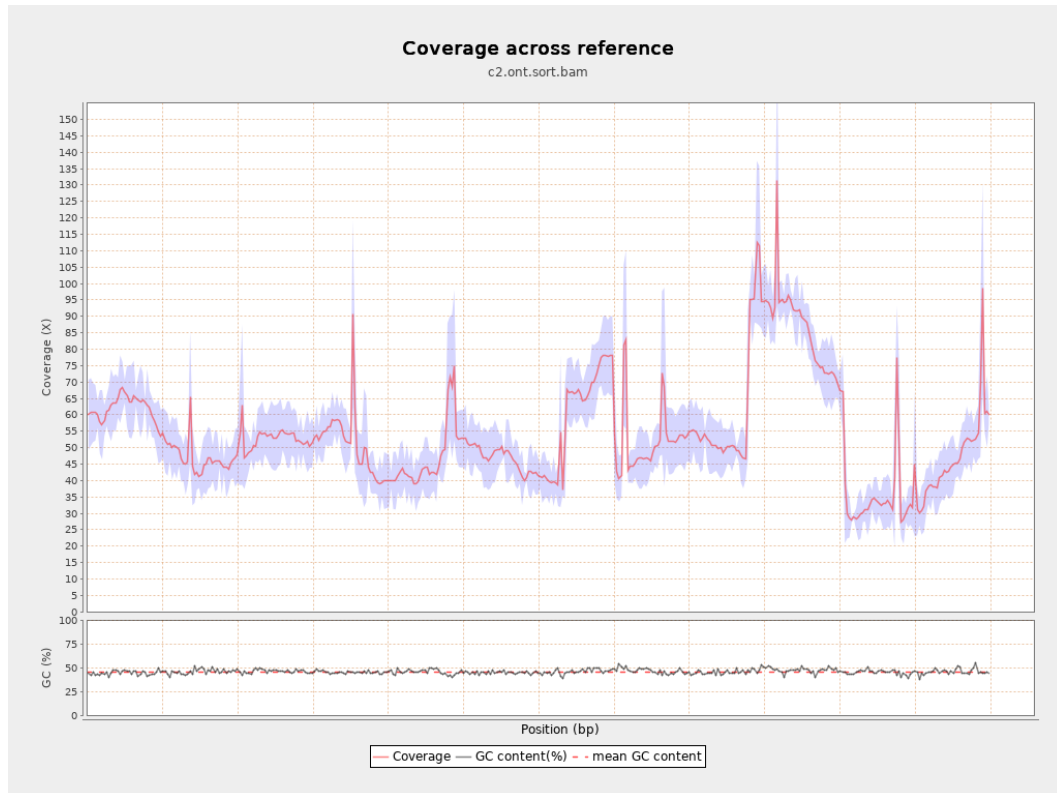

B. Depth of Illumina reads mapped to Chr2

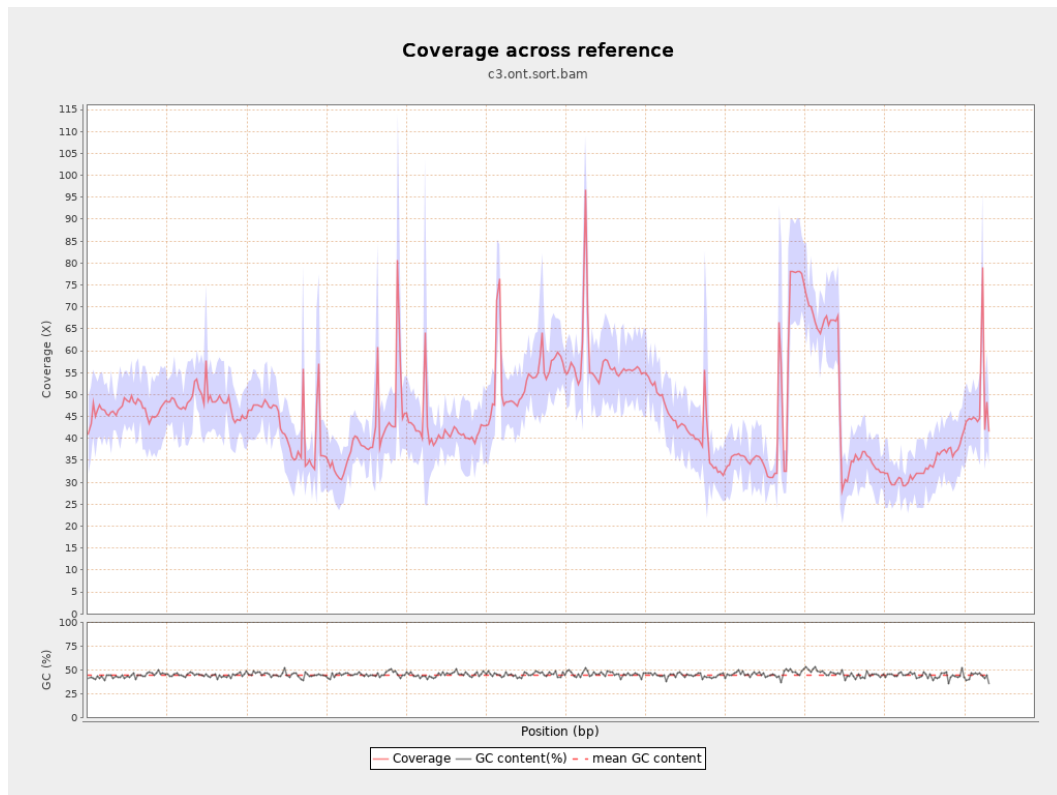

C. Depth of Illumina reads mapped to Chr3

D. Depth of PacBio reads mapped to Chr1

E. Depth of PacBio reads mapped to Chr2

F. Depth of PacBio reads mapped to Chr3
