RE: Research titled, *Multimodal perioperative monitoring of intracranial pressure surrogates and cerebral oxygenation during laparoscopic surgery: implications for early cognitive outcomes.*

Dear Özkan Aba:

This letter is to confirm receipt of payment for your unauthorized use of an unauthorized version of the Turkish MMSE in the research study referenced above (Invoice IN-00580387).

Also by way of this letter, you may use the data obtained from said research to publish the results of this study, subject to the following conditions:

- 1) The publication **must not include** any test items from the unauthorized version of the Turkish MMSE that was used without permission, or any other version of the MMSE in any language.
- 2) The publication **must include** this statement:
*An unauthorized version of the Turkish MMSE was used by the study team without permission, however this has now been rectified with PAR.
The MMSE is a copyrighted instrument and may not be used or reproduced in whole or in part, in any form or language, or by any means without written permission of PAR (www.parinc.com).*
- 3) One (1) copy of the article must be sent via email to PAR to confirm that the above conditions have been met.
