

CCNA2

GPX4

CDK1

Figure S1 CCNA2, GPX4 and CDK1 expression in aortic tissue of mice.

Figure S2 TFRC and β -actin expression in aortic tissue of mice.

Figure S3 Expression of CCNA2 in mouse aortic tissue at different exposure times.

Figure S4 Expression of GPX4 in mouse aortic tissue at different exposure times.

Figure S5 Expression of CDK1 in mouse aortic tissue at different exposure times.

Figure S6 Expression of TFRC in mouse aortic tissue at different exposure times.

Figure S7 Expression of β -actin in mouse aortic tissue at different exposure times.
