

Consolidated criteria for reporting qualitative studies (COREQ): 32-item checklist

Please indicate in which section each item has been reported in your manuscript. If you do not feel an item applies to your manuscript, please enter N/A.

For further information about the COREQ guidelines, please see Tong *et al.*, 2017:

<https://doi.org/10.1093/intqhc/mzm042>

No.	Item	Description	Section #
Domain 1: Research team and reflexivity			
Personal characteristics			
1.	Interviewer/facilitator	Which author/s conducted the interview or focus group?	The first author, ε
2.	Credentials	What were the researcher's credentials? <i>E.g. PhD, MD</i>	PhD-student
3.	Occupation	What was their occupation at the time of the study?	PhD-student
4.	Gender	Was the researcher male or female?	Female
5.	Experience and training	What experience or training did the researcher have?	The reserach tea
Relationship with participants			
6.	Relationship established	Was a relationship established prior to study commencement?	No, see Page 7
7.	Participant knowledge of the interviewer	What did the participants know about the researcher? <i>E.g. Personal goals, reasons for doing the research</i>	Please see Page
8.	Interviewer characteristics	What characteristics were reported about the interviewer/facilitator? <i>E.g. Bias, assumptions, reasons and interests in the research topic</i>	Please see Page
Domain 2: Study design			
Theoretical framework			
9.	Methodological orientation and theory	What methodological orientation was stated to underpin the study? <i>E.g. grounded theory, discourse analysis, ethnography, phenomenology, content analysis</i>	Content analysis,
Participant selection			
10.	Sampling	How were participants selected? <i>E.g. purposive, convenience, consecutive, snowball</i>	Please see page 6
11.	Method of approach	How were participants approached? <i>E.g. face-to-face, telephone, mail, email</i>	Please see page 7
12.	Sample size	How many participants were in the study?	15, see page 6
13.	Non-participation	How many people refused to participate or dropped out? What were the reasons for this?	N/A
Setting			
14.	Setting of data collection	Where was the data collected? <i>E.g. home, clinic, workplace</i>	By telephone, see
15.	Presence of non-participants	Was anyone else present besides the participants and researchers?	No

16.	Description of sample	What are the important characteristics of the sample? <i>E.g. demographic data, date</i>	Please see page 6
Data collection			
17.	Interview guide	Were questions, prompts, guides provided by the authors? Was it pilot tested?	Please see page 7
18.	Repeat interviews	Were repeat interviews carried out? If yes, how many?	No
19.	Audio/visual recording	Did the research use audio or visual recording to collect the data?	Audiorecording was used
20.	Field notes	Were field notes made during and/or after the interview or focus group?	No
21.	Duration	What was the duration of the interviews or focus group?	Please see page 7
22.	Data saturation	Was data saturation discussed?	Yes, on page 7
23.	Transcripts returned	Were transcripts returned to participants for comment and/or correction?	No
Domain 3: analysis and findings			
Data analysis			
24.	Number of data coders	How many data coders coded the data?	VP coded the interviews
25.	Description of the coding tree	Did authors provide a description of the coding tree?	Yes, see page 7
26.	Derivation of themes	Were themes identified in advance or derived from the data?	The themes were identified
27.	Software	What software, if applicable, was used to manage the data?	No
28.	Participant checking	Did participants provide feedback on the findings?	No
Reporting			
29.	Quotations presented	Were participant quotations presented to illustrate the themes / findings? Was each quotation identified? <i>E.g. Participant number</i>	Yes, please see page 8
30.	Data and findings consistent	Was there consistency between the data presented and the findings?	Yes
31.	Clarity of major themes	Were major themes clearly presented in the findings?	Yes, see page 9
32.	Clarity of minor themes	Is there a description of diverse cases or discussion of minor themes?	No

When submitting your manuscript via the online submission form, please upload the completed checklist as a Figure/supplementary file.

If you would like this checklist to be included alongside your article, we ask that you upload the completed checklist to an online repository and include the guideline type, name of the repository, DOI and license in the *Data availability* section of your manuscript.
