Announcement on the Evaluation Results of the 2024 Nursing Innovation and Development Research Project

To the Nursing Societies of All Cities, Medical Institutions, and Nursing Colleges:

The Guangdong Lingnan Nightingale Nursing Research Institute and the Guangdong Nursing Association conducted formal reviews and expert evaluations of all projects applying for the 2024 Nursing Innovation and Development Research Program. After preliminary and final reviews, 97 projects are proposed for approval, including two categories: funded projects and non-funded projects. Specifically, 54 projects are approved for funding, while 43 are not. The review results are now being announced. The public notice period runs from December 5 to December 9, 2024. If you have any objections to the review results, please submit them in writing under your real name during the notice period, along with relevant supporting documents.

List of Nursing Innovation and Development Research Topics Proposed for Approval in 2024 by Guangdong Lingnan Nightingale Nursing Research Institute and Guangdong Nursing Association

List of approved funding projects

I. Major Projects (8 in total)					
order number	project number	Project Title	declarant	Applicant	Funding amount (ten thousand)
1	GDHLYJ YZ 202401	Construction and Empirical Study of Atrial Fibrillation Early Warning Model and Dynamic Adaptation Management Model for Coronary Artery Bypass Grafting Patients Based on Risk Profile	Yang Qiaohong	School of Nursing, Jinan University	3
2	GDHLYJ YZ 202402	Construction of Volume Load Decision Support System for Patients with Chronic Kidney Disease in Peri-Dialysis Period Based on Knowledge Map	Li Jianying	The First Affiliated Hospital of Sun Yat-sen University	3
3	GDHLYJ YZ 202403	Research on Risk Perception and Behavioral Decision Model Construction and Application of Patients with Prediabetes	Guo Xiaodi	The Third Affiliated Hospital of Sun Yat-sen University	3
4	GDHLYJ YZ 202404	Research on the Construction and Application of the Quality Control Management Model of Operating Room Based on Big Data	Gong Fengqiu	The First Affiliated Hospital of Sun Yat-sen University	3
5	GDHLYJ YZ 202405	Intervention Study on Quality of Life of Patients with Lower Extremity Bone Transport Surgery Based on Patient Self-Management	Song Huijuan	Southern Hospital of Southern Medical University	2

6	GDHLYJ YZ 202406	Development Trajectory of Symptom Complex and Its Predictive Factors in Diabetic Foot Weakness Patients Based on Gobbens Theory and Construction of Hospital-Family Care Intervention Program	Xie Cuihua	Southern Hospital of Southern Medical University	1.5
7	GDHLYJ YZ 202407	Construction and Application of Full-cycle Rehabilitation Management Model for Patients with Hip Fracture Based on Artificial Intelligence-assisted Decision-making System	Huang Tianwen	The First Affiliated Hospital of Sun Yat-sen University	1.5
8	GDHLYJ YZ 202408	Study on the Effect and Mechanism of Multidisciplinary Collaborative Intervention for Pre-hospital Delay in Acute Ischemic Stroke	Xie Xiaohua	Shenzhen Second People's Hospital	1.5
II. General Projects (Total of 29)					
order numb er	project number	Project Title	declarant	Applicant	Funding amount (ten thousand)
1	GDHLYJ YM 202401	Study on the Intervention and Effect of Horticultural Therapy on Depression and Stress in Adolescents	Chen Jieling	School of Nursing, Sun Yat-sen University	1
2	GDHLYJ YM 202402	Construction and Implementation of Shared Decision-Making Strategy for Vascular Access in Cancer Chemotherapy Patients	Jia Li	Sun Yat-sen University Cancer Center	1
3	GDHLYJ YM 202403	Construction and Empirical Study of Whole Process Health Management Model for Nasopharyngeal Carcinoma Patients Based on Patient Travel Map	Liu Jiali	Sun Yat-sen University Cancer Center	Xia
4	GDHLYJ YM 202404	Construction and Empirical Study of Health Management Needs for Young and Middle-aged Patients with Rectal Cancer After Anal Preservation Surgery Based on Patient Journey Map	Robb Jia	Sun Yat-sen University Cancer Center	1
5	GDHLYJ YM 202405	Effects of individualized environmental regulation program based on circadian rhythm on sleep-wake cycle and neurobehavioral development in preterm infants in NICU	Song Xiamai	Zhujiang Hospital, Southern Medical	1

				University	
6	GDHLYJ YM 202406	Frontier Strategies for Postoperative Rehabilitation of Oral Cancer: A Randomized Controlled Study on Singing Therapy Combined with Maxillofacial Muscle Function Therapy to Improve Patients' Oral-Mandibular Function and Lung Capacity	Yang Dongye	Sun Yat-sen University Affiliated Stomatological Hospital	1

7	GDHLYJ YM 202407	Research on the Construction and Application of Discharge Preparation Program for Type 2 Diabetes Mellitus Patients Based on Evidence	Chen Huang	General Hospital of the Southern Theater Command, Chinese People's Liberation Army	1
8	GDHLYJ YM 202408	Construction and preliminary application of positive psychological intervention program for perinatal depression based on PERMA theory	Gao Yuanxiu	The Eighth Affiliated Hospital of Sun Yat-sen University (Futian, Shenzhen)	1
9	GDHLYJ YM 202409	Construction and Empirical Study of Disease Perception Intervention Program for Rheumatoid Arthritis Patients Based on Mobile Health Platform	Pan Yinghua	The Third Affiliated Hospital of Sun Yat-sen University	1
10	GDHLYJ YM 202410	Construction and Empirical Study of Organ Transplantation Case Manager Training Program Based on Core Competency Theory of Cross-disciplinary Collaboration	Ruan Liang	The First Affiliated Hospital of Guangzhou Medical University	1
11	GDHLYJ YM 202411	Construction and application of an integrated system for neonatal intraoperative hypothermia early warning and nursing intervention based on dynamic system theory	Song Tao	Guangdong Provincial Maternal and Child Health Hospital	1
12	GDHLYJ YM 202412	Design and Implementation of High-Fidelity Simulation Teaching in Humanistic Care Training for New Nurses: Based on Watson's Theory of Humanistic Nursing	Tian Xiaofei	The Seventh Affiliated Hospital of Sun Yat-sen University (Shenzhen)	1
13	GDHLYJ YM 202413	Construction and Application of a Risk Prediction Model for Elderly Patients' Wasting Based on Machine Learning Method	Wu Zhen	The Third Affiliated Hospital of Sun Yat-sen University	1
14	GDHLYJ YM 202414	Application of airway grading management strategy based on pulmonary ultrasound evaluation in patients with mechanical ventilation	Xu Jiaqing	Peking University Shenzhen Hospital	1

15	GDHLYJ YM 202415	Mixed Study on Caregiver Burden of Laryngeal Cancer Patients Undergoing Laryngectomy Based on Social Support Theory	Xu Wei	The First Affiliated Hospital of Sun Yat-sen University	1
16	GDHLYJ YM 202416	Application of Nursing Mini-CEX Evaluation System Based on Systematic Evaluation in Standardized Training of ICU Nurses	red bayberry	Shenzhen Second People's Hospital	0.8
17	GDHLYJ YM 202417	Construction and Validation of a Fatigue Risk Prediction Model for ICU Nurses Based on Alarm of Medical Equipment	Zhou Ying	The Fifth Affiliated Hospital of Guangzhou Medical University	0.8

18	GDHLYJ YM 202418	Construction of Self-management Program for Glaucoma Patients Based on Active Health Concept	Huang Wenmin	Zhongshan Ophthalmology Center, Sun Yat-sen University	0.8
19	GDHLYJ YM 202419	Research on the Construction System of Clinical Nursing Teachers with Dual Qualifications Based on Grounded Theory	Liu Xuemei	The Second Affiliated Hospital of Guangzhou Medical University	0.8
20	GDHLYJ YM 202420	Construction of dynamic prediction model for intraoperative pressure injury in patients undergoing cardiac surgery with extracorporeal life support based on multi-source data fusion and multi-task learning	Qu Chaoran	Shenzhen People's Hospital	0.8
21	GDHLYJ YM 202421	Research on Data Quality Acquisition System of Nursing Quality Indicators Based on EFQM Model	Tang Li	Guangdong Second People's Hospital	0.6
22	GDHLYJ YM 202422	Construction of monitoring and management system for nausea and vomiting induced by antitumor drug therapy based on electronic patient report of outcome	Tian Suping	Shenzhen People's Hospital	0.6
23	GDHLYJ YM 202423	Development Trajectory of Active Health Behaviors and Construction of Predictive Model in High-Risk Population of Stroke	Xie Jingyu	Maoming People's Hospital	0.6
24	GDHLYJ YM 202424	The Relationship between Family Intergenerational Support and Quality of Life in Middle-aged and Elderly: The Mediating Role of Social Participation	Zhang Xiaomei	Southern Hospital of Southern Medical University	0.6
25	GDHLYJ YM 202425	A longitudinal study on the correlation of social alienation, symptom burden and fear of disease progression in patients with non-muscle-invasive bladder cancer during the course of intravesical chemotherapy	Zhong Meinong	The Third Affiliated Hospital of Sun Yat-sen University	0.6
26	GDHLYJ YM 202426	Analysis of the trajectory of consistency change and predictive factors in patients undergoing chemotherapy for breast cancer	Zhou Jin	South Medical University Hospital of	0.6

				Integrated Traditional Chinese and Western Medicine	
27	GDHLYJ YM 202427	Construction of Risk Prediction Model for Multidrug-Resistant Bacteria in ICU Patients Based on Machine Learning and Development of Information Platform: A Multicenter, Retrospective Study	He Mingxin	Peking University Shenzhen Hospital	0.6
28	GDHLYJ YM 202428	Constructing predictive model of refeeding syndrome in ICU patients by explainable machine learning algorithm	Yellow Starfish	The First Affiliated Hospital of Shantou University Medical College	0.6

29	GDHLYJM 202429	Investigation and longitudinal study on psychological crisis of women with breast cancer in reproductive age	Ning Yanting	Shenzhen Hospital, Cancer Hospital of Chinese Academy of Medical Sciences	0.6
III. Seedling Cultivation Projects (17 in total)					
order numb er	project number	Project Title	declarant	Applicant	Funding amount (ten thousand)
1	GDHLYJ YQ 202401	Development and Application of a Nutritional Impact Assessment Tool for Cancer Patients	Cai Youdi	The Third Affiliated Hospital of Sun Yat-sen University	0.5
2	GDHLYJ YQ 202402	Construction and Application of Psychological Intervention Program for Fertility Anxiety in Systemic Lupus Erythematosus Patients in Reproductive Age	Chen Jiali	The Third Affiliated Hospital of Southern Medical University	0.5
3	GDHLYJ YQ 202403	Construction and Application of Clinical Nurses' Innovative Ability Training Model under the Background of New Quality Productivity	Fu Xue	Sun Yat-sen University Cancer Center	0.5
4	GDHLYJ YQ 202404	Construction and Validation of Peer Leadership Model for Patients with Chronic Heart Failure from the Perspective of Social Learning Theory	Peng Cong	Zhongshan People's Hospital	0.5
5	GDHLYJ YQ 202405	Social Adaptation Status and Intervention of Adult Patients with Autism Spectrum Disorder from the Perspective of Social Ecosystem Theory	Qu Fenglei	The Third Affiliated Hospital of Sun Yat-sen University	0.5
6	GDHLYJ YQ 202406	Study on the Influence and Mechanism of Postoperative Weakness in Patients with Bladder Cancer Based on the Neuman System Model	Chen Xiaoping	Sun Yat-sen University Cancer Center	0.5

7	GDHLYJ YQ 202407	Construction of AIGC Large Model for Hepatitis B Prevention and Control Nursing of Floating Population Based on Retrieval-enhanced Generation	Li Caixia	The Eighth Affiliated Hospital of Sun Yat-sen University (Futian, Shenzhen)	0.5
8	GDHLYJ YQ 202408	Effect of time-restricted diet on gastrointestinal tolerance in critically ill patients after cardiac surgery based on circadian rhythm mechanism	Chen Liumei	Guangdong Provincial People's Hospital	0.3

9	GDHLYJ YQ 202409	Observation on the effect of Bingxiao Powder combined with Chuzhen on forearm hematoma after PCI of radial artery	Huang Wenjing	Guangdong Provincial Hospital of Traditional Chinese Medicine	0.3 Special Project Approval for Postgraduate Course Classes
10	GDHLYJ YQ 202410	A Mixed Study on the Current Situation and Influencing Factors of Communication between Elderly Cognitive Impairment Patients and Their Primary Caregivers	Jia Jiabin	The Third Affiliated Hospital of Sun Yat-sen University	0.3 Special Project Approval for Postgraduate Course Classes
11	GDHLYJ YQ 202411	Research and Application of Transformation Platform for Scientific and Technological Achievements of Smart Nursing	Chen Xiaojun	The First Affiliated Hospital of Sun Yat-sen University	0.1
12	GDHLYJ YQ 202412	Construction and Validation of Whole Process Nutritional Health Management Model for Stroke Patients Based on Active Health Concept	Deng Liping	Shenzhen Second People's Hospital	0.1
13	GDHLYJ YQ 202413	Efficacy of honey in pain relief for postoperative patients with obstructive sleep apnea-hypopnea syndrome: a randomized controlled trial	Deng Yunping	The Seventh Affiliated Hospital of Sun Yat-sen University (Shenzhen)	0.1
14	GDHLYJ YQ 202414	Application of comprehensive oral health management program based on timing theory in patients undergoing oral cancer reconstruction surgery	He Xingfang	Sun Yat-sen University Affiliated Stomatological Hospital	0.1
15	GDHLYJ YQ 202415	Longitudinal Study on the Influence Factors of Functional Exercise Compliance after Lower Limb Bone Tumor Surgery	Huang Xiaomin	The First Affiliated Hospital of Sun Yat-sen University	0.1
16	GDHLYJ YQ 202416	Airway Rehabilitation Nursing for Adult Patients with Tracheostomy Based on i-PARIHS Evidence-Based Theory: Best Evidence and Clinical Application	Yu Fei	General Hospital of the Southern Theater Command, Chinese People's Liberation Army	0.1

17	GDHLYJ YQ 202417	Study on the Driving Mechanism of the Proactive Occupational Behavior of the New Generation Nurses and the Promotion Strategy of Intergenerational Differences	Zeng Dongyan	The Fifth Affiliated Hospital of Sun Yat-sen University	0.1

List of Unfunded Projects

order number	project number	Project Title	declarant	Applicant	remarks
1	GDHLYJ YB 202401	Study on the current situation and influencing factors of pressure perception in burn patients based on mixed method	Thaini Yee	Guangzhou Red Cross Hospital	
2	GDHLYJ YB 202402	Construction and Application of Intelligent Early Warning System for Acute Heart Failure Based on Super-score Scoring Model	He Yumei	Peking University Shenzhen Hospital	
3	GDHLYJ YB 202403	Improvement of Negative Emotion of Glaucoma Patients' Fear of Disease Progression from the Perspective of Narrative Therapy	Zhang Yu	Zhongshan Ophthalmology Center, Sun Yat-sen University	
4	GDHLYJ YB 202404	Construction and Validation of a Machine Learning-Based Risk Prediction Model for Postoperative Delirium in Cardiovascular Surgery	Deng Yumei	Sun Yat-sen Memorial Hospital, Sun Yat-sen University	
5	GDHLYJ YB 202405	Study on the Safety of Compound Lidocaine Cream for Patients with Infusion Port and Sphenoid Pin	Shi Simei	Sun Yat-sen University Cancer Center	
6	GDHLYJ YB 202406	Study on the Intervention Effect of Behavioral Activation Game Therapy on Adolescent Depression	Huang Xiaolong	Guangzhou Medical University Affiliated Brain Hospital	
7	GDHLYJ YB 202407	Effects of Meridian Flow Opening Combined with Low-frequency Pulse Electrical Stimulation on Pulmonary Function and Exercise Tolerance in Patients with Stable	Li Xiaoyan	The First Affiliated Hospital of	

		COPD		Guangzhou Medical University	
8	GDHLYJ YB 202408	Construction and Validation of Machine Learning-Based Predictive Model for Thrombosis Risk in Neonatal Vascular Access	He Wanxian g	Peking University Shenzhen Hospital	

9	GDHLYJ YB 202409	Evidence-based nursing practice for prevention of pneumonia in patients with acute stroke based on evidence-based clinical translation model	Guan Yuxian	The Second Affiliated Hospital of Guangzhou Medical University	
10	GDHLYJ YB 202410	Application of Five-Finger Exercise Combined with Visual Decompression in Patients After Radial Artery Intervention	Feng Xiaoyu	The First Affiliated Hospital of Guangzhou Medical University	
11	GDHLYJ YB 202411	Application of personalized water intake chart in hospitalized disabled elderly patients	Huang Yidan	Guangzhou Medical University Affiliated Brain Hospital	
12	GDHLYJ YB 202412	Construction and Practice of Neonatal Specialist Nurse Training System Based on Competency-Based Education	Qin Lijiao	Guangdong Provincial Maternal and Child Health Hospital	
13	GDHLYJ YB 202413	Study on the relationship between postoperative blood glucose variability and frailty status in liver transplant recipients	Zhou Huiling	Sun Yat-sen Memorial Hospital, Sun Yat-sen University	
14	GDHLYJ YB 202414	Research on the Implementation of the Living Will Policy in Shenzhen Based on the Smith Model	Xia Hulu	Shenzhen Second People's Hospital	
15	GDHLYJ YB 202415	Construction of Nursing Humanistic Care Practice Ability Training Course System	Wang Jianjing	Guangdong Lingnan Nightingale Nursing Research Institute Science and Technology Innovation Center	

16	GDHLYJ YB 202416	Construction and practice of nursing intervention program for NICU feeding difficulties in premature infants	Zheng Jiamin	Shenzhen Second People's Hospital	
17	GDHLYJ YB 202417	Construction and clinical validation of a predictive model for postoperative delirium risk in elderly patients based on multimodal data fusion and machine learning	Liang Limin	The Third Affiliated Hospital of Sun Yat-sen University	
18	GDHLYJ YB 202418	Construction and Application of Discharge Follow-up System for Oral Cancer Patients Based on Patient-Reported Outcomes	Huang Qiuyu	Sun Yat-sen University Affiliated Stomatological Hospital	
19	GDHLYJ YB 202419	Construction and Application of Decision Tree Model for Long-term Intravenous Access Selection in Patients with Chemotherapy for Tumor under Value-driven	Chen Meili	Shenzhen People's Hospital	

20	GDHLYJ YB 202420	Development Trajectory and Influencing Factors of Negative Emotion in Pregnant Women with Gestational Diabetes Mellitus	Hu Pinjia	Guangdong Provincial Maternal and Child Health Hospital	
21	GDHLYJ YB 202421	Construction and Application of Intelligent Management Platform for Elderly Patients with Femoral Neck Fracture Based on Patient-Reported Outcomes	Chen Weiqian g	Peking University Shenzhen Hospital	
22	GDHLYJ YB 202422	Therapeutic effect of fire dragon jar on cervical vertigo	Zeng Liuyuan	The Second Affiliated Hospital of Guangzhou Medical University	
23	GDHLYJ YB 202423	Clinical Study on Moxibustion of Ren and Du Meridians in the Treatment of Patients with Excess/Obesity due to Dampness Syndrome	Chen Weiyang	Zhuhai Hospital of Guangdong Provincial Hospital of Traditional Chinese Medicine	
24	GDHLYJ YB 202424	Construction of predictive model for peritoneal dialysis-associated peritonitis outcome based on inflammatory and nutritional indicators	Lai Xiaochun	The Second Affiliated Hospital of Guangzhou Medical University	
25	GDHLYJ YB 202425	Construction and Practice of Standardized Training Course for Nurses Based on FAST Model	Huang Xueqin	The First Affiliated Hospital of Shantou University Medical College	

26	GDHLYJ YB 202426	Application of breath management guided by lung ultrasound in mechanical ventilation of neonatal respiratory distress syndrome	Huang Xihua	Guangdong Second People's Hospital	
27	GDHLYJ YB 202427	Application of Finger Manipulation Combined with Vivifrail Multi-component Exercise in Patients with Cognitive Impairment	Mi Hongyan	The Second Affiliated Hospital of Guangzhou Medical University	
28	GDHLYJ YB 202428	A prospective study on self-management and discharge readiness of patients after anal fistula surgery	Feng Zhenting	Shenzhen Second People's Hospital	
29	GDHLYJ YB 202429	Analysis of Blood Glucose Changes in Hemodialysis Patients with Diabetic Nephropathy and Construction and Application of Blood Glucose Management Plan	Yang Zhen	The Second Affiliated Hospital of Shantou University Medical College	
30	GDHLYJ YB 202430	Construction and Validation of a Risk Prediction Model for Poor Prognosis of Patients with Acute Ischemic Stroke Complicated with Sarcopenia Based on Machine Learning	Zhang Hong	The First Affiliated Hospital of Shantou University Medical College	

31	GDHLYJ YB 202431	Prediction Model Construction and Application Research of Heart Failure Complications in Middle-aged and Elderly Hypertensive Patients Based on "Internet +" Wearable Devices	Yu Cong	Shenzhen Second People's Hospital	
32	GDHLYJ YB 202432	Study on the correlation between preoperative prognostic nutritional index and postoperative delirium and hospitalization time in elderly patients undergoing hip surgery: a prospective cohort study	Wu Yaoye	The First Affiliated Hospital of Sun Yat-sen University (Nansha Campus)	
33	GDHLYJ YB 202433	Construction and Application of Health Management Journey Map for Perioperative Patients with Rectal Cancer with Enterostomy Based on Health Behavior Change Integration Theory	Zhu Xiaodong	Dongguan People's Hospital	
34	GDHLYJ YB 202434	Clinical Application Effect of AI Collaborative Inability Nursing Robot in Long-term Bedridden Patients	Yang Xiaoyue	The Fifth Affiliated Hospital of Sun Yat-sen University	
35	GDHLYJ YB 202435	Study on the Intervention Effect of Precision Nursing with Traditional Chinese Medicine on Patients with Perforation of the Digestive Tract	Liang Lixue	Foshan Hospital of Traditional Chinese Medicine	
36	GDHLYJ YB 202436	Construction and application of health behavior management program for pregnant women with gestational diabetes mellitus in prenatal clinic based on HAPA model	Guo Xia	Guangming District People's Hospital, Shenzhen	Grassroots Special Project
37	GDHLYJ YB 202437	Clinical Research Project on Prevention of Deep Vein Thrombosis in Bedridden Patients Using Ankle Pump Exercise Device	Zhou Xiuhong	The Third People's Hospital of Longgang District, Shenzhen	Grassroots Special Project
38	GDHLYJ YB 202438	Construction of a predictive model for the risk of agitation in children undergoing general anesthesia based on machine learning	Chen Yuping	Longgang District People's Hospital, Shenzhen	Grassroots Special Project

39	GDHLYJ YB 202439	Narrative nursing combined with routine management on the comprehensive intervention of mental health and job burnout of nurses in emergency department	Liu Boyu	Guangming District People's Hospital, Shenzhen	Grassroots Special Project
40	GDHLYJ YB 202440	Identification and Trajectory of Core Symptoms in Chronic Stress Process in Elderly Patients with Lung Cancer Immunotherapy: Based on Non-Stationary Load Model	Huang Wanmin	Guangzhou Medical University Affiliated Panyu Central Hospital	Grassroots Special Project
41	GDHLYJ YB 202441	Study on the Construction and Nursing Intervention Strategy of Cognitive Dysfunction Patients' Management Model Based on Artificial Intelligence Multimodal Big Model	Wang Liling	Shenzhen Bao'an District Central Hospital	Grassroots Special Project

42	GDHLYJ YB 202442	Construction and Application of Dietary Management Program for Elderly Patients with Diabetes Based on Cross-cultural Nursing Theory	Wu Wanling	Huizhou Zhongda Huiya Hospital	Grassroots Special Project
43	GDHLYJ YB 202443	Empirical Study on the Synergistic Effect of Intelligent Environment Transformation,Personalized Nursing Plan and Health Education in Reducing Fall Risk of Inpatients under Cross-departmental Cooperation Model	Piyan	Huidong County People's Hospital	Grassroots Special Project
