

PRISMA 2020 for Abstracts Checklist

Section and Topic	Item #	Checklist item	Reported (Yes/No)
TITLE			
Title	1	Yes	The title clearly identifies the study as a scoping review.
BACKGROUND			
Objectives	2	Yes	The background section clearly states the objective of the review.
METHODS			
Eligibility criteria	3	Yes	Inclusion and exclusion criteria are briefly mentioned in the methods section.
Information sources	4	Yes	Information sources and the search timeframe are specified in the methods.
Risk of bias	5	Yes	Risk of bias assessment was not performed, which is typical for a scoping review.
Synthesis of results	6	Yes	Narrative synthesis and evidence mapping were used to present the results.
RESULTS			
Included studies	7	Yes	The number of included studies and their characteristics are summarized.
Synthesis of results	8	Yes	Results for the main outcomes and types of studies are presented.
DISCUSSION			
Limitations of evidence	9	Yes	Limitations of the included evidence are briefly mentioned, including study design and contextual variation.
Interpretation	10	Yes	The conclusion section provides interpretation and practical implications.
OTHER			
Funding	11	Yes	The study declares no specific funding was received.
Registration	12	Yes	The review is registered in OSF and the registration link is provided.
