

Additional file 4: Post-Intervention Staff Satisfaction Survey

Dementia Care in Hospitals Program

Staff satisfaction survey – post education

Before you receive education about the Dementia Care in Hospitals Program, we are interested in your views and experience of dealing with patients with cognitive impairment and their carer/family. The information will assist the hospital in training staff, improving the quality of care for these patients, and improving communication with carers/families.

All replies will be strictly confidential and you will not be identified in any way.

Please tick the box which best describes your position.

☐ **clinical staff**, e.g. nursing, medical, allied health etc ☐ **non-clinical staff** e.g. engineers, ward clerks, etc
