

Additional file 2: Fig. S1. Light microscopy (10x) of Avicel in the presence or absence of purified recombinant ThSwo for 72 h at 45°C. A) Avicel in the absence of ThSwo at 0 h. B) Avicel in the absence of ThSwo at 72 h. C) Avicel in the presence of ThSwo at 48 h. D) Avicel in the presence of ThSwo at 72 h. As an additional control, Avicel was also treated with BSA under the same conditions and observed.
