Community Health Needs Assessment

The BIU Azrieli Faculty of Medicine is conducting a survey to map the health needs of the Galilee residents. It's important for us to understand what is important to you, what are your personal health needs as well as your community's. Your input will help us not only understand your community's needs but also to design a strategy for action.

The survey should take only 5 minutes to complete. Your responses are anonymous, and you will not be asked your name.

***You must be 18 years or older to complete this survey.**

If you have any questions about the survey - please contact Dr. Sivan Spitzer-Shohat from the Department of Population Health, Azrieli Faculty of Medicine, Bar-Ilan University by email: sivan.spitzer-shohat@biu.ac.il or phone: 072-2644907.

Thank you for your cooperation!
