

Supplementary table 1. Correlation between neighbourhood environment factors among males.

	Land slope	Bus stop density	Intersection density	Residential density	Distance to community center
Land slope	1.00				
Bus stop density	-0.45	1.00			
Intersection density	-0.66	0.78	1.00		
Residential density	-0.49	0.71	0.72	1.00	
Distance to community center	0.33	-0.41	-0.44	-0.37	1.00

Supplementary table 2. Correlation between neighbourhood environment factors among females.

	Land slope	Bus stop density	Intersection density	Residential density	Distance to community center
Land slope	1.00				
Bus stop density	-0.43	1.00			
Intersection density	-0.64	0.76	1.00		
Residential density	-0.50	0.70	0.71	1.00	
Distance to community center	0.32	-0.42	-0.44	-0.37	1.00
