Please fully complete all sections. Use black ink and block capitals and provide each author's full name with the given name first followed by the family name.

- Please note, in author collaborations where there is formal agreement for representing the collaboration, it is sufficient for the representative or legal guarantor (usually the corresponding author) to complete and sign the Authorship Change Form on behalf of all authors, **next to the added/removed author(s). (Complete Section 3, followed by Section 6.)**
In author collaborations where there is no formal agreement for representing the collaboration and **there are more than 10 authors**, one may sign for all, provided the signer appends correspondence that attests that each of the authors have agreed to the change **and the added/removed authors sign the form. (Complete Section 3, followed by Section 6.)**
- Please note, we cannot investigate or mediate any authorship disputes. If you are unable to obtain agreement from all authors (including those who you wish to be removed) you must refer the matter to your institution(s) for investigation. Please inform us if you need to do this.
- If you are not able to return a fully completed form within **30 days** of the date that it was sent to the author requesting the change, we may have to withdraw your manuscript. We cannot publish manuscripts where authorship has not been agreed by all authors (including those who have been removed).
- Incomplete forms will be rejected.
- Please return/upload this form, fully completed, to the Journals Editorial Office. The Journal and/or Publisher will consider the information you have provided to decide whether to approve the proposed change in authorship. Section 3: Please provide a justification for change. Please use this section to explain your reasons for changing the authorship of your manuscript, e.g. what necessitated the change in authorship? Please refer to the (journal) policy pages for more information about authorship. Please explain why omitted authors were not originally included and/or why authors were removed on the submitted manuscript.

Following internal review after initial submission, the authorship list and institutional affiliations were updated to more accurately reflect individual scientific contributions and academic representation within the manuscript. One additional author was included due to substantial contributions to manuscript development, critical intellectual input, and final revision that met authorship criteria according to journal policy. Additionally, the order of certain authors was adjusted to better represent the relative extent of their academic and scientific contributions.

The omission of the added author in the original submission was unintentional and resulted from an administrative oversight during manuscript preparation. Furthermore, an additional institutional affiliation (Faculty of Health Sciences, Universidad Israel, Quito, Ecuador) was added for Gutenberg Navarro-Zambrano, the corresponding author, to accurately represent his academic affiliation at the time of submission. No authors were removed from the manuscript.

All listed authors have reviewed, approved, and agreed to the revised authorship arrangement, author order, and affiliation corrections.

Section 4: Proposed new authorship. Please provide your new authorship list in the order you would like it to appear on the manuscript. Please indicate the corresponding author by adding (CA) behind the name. If the Corresponding Author has changed, please indicate the reason under section 3.
