Dear Prof. Bu,

We thank you for providing reviews of our manuscript “*Astrocyte reactivity is associated with tau tangle load and cortical thinning in Alzheimer’s disease*” (MS ID#: MOND-D-24-00031) again. We have thoroughly addressed the concerns raised by the Editor and replied to him/her in our response letter. Our responses are *italicized* below. The details of our response can be found in the response letter. We hope you can like this version and consider it for publication as a “*Research Article*” in the journal “*Molecular Neurodegeneration*”.

Kind regards,

Tengfei Guo and co-authors
