

Uncropped blots for Figure 2

- Molecular weight standard: PageRuler™ prestained protein marker (Thermo Fisher Scientific, 26616).
- Gray boxes indicate parts of the blot displayed in the figure.

Source Data Fig. 1

Uncropped blots for Figure 3

- Molecular weight standard: PageRuler™ prestained protein marker (Servicebio, G2085).
- Gray boxes indicate parts of the blot displayed in the figure.

Uncropped blots for Figure 4

- Molecular weight standard: PageRuler™ prestained protein marker (Thermo Fisher Scientific, 26616 or Servicebio, G2085).
- Gray boxes indicate parts of the blot displayed in the figure.

Source Data Fig. 3

Uncropped blots for Figure 5

- Molecular weight standard: PageRuler™ prestained protein marker (Thermo Fisher Scientific, 26616).
- Gray boxes indicate parts of the blot displayed in the figure.

Source Data Fig. 4

Uncropped blots for Figure 6

- Molecular weight standard: PageRuler™ prestained protein marker (Thermo Fisher Scientific, 26616).
- Gray boxes indicate parts of the blot displayed in the figure.

Source Data Fig. 5

Uncropped blots for Figure 7

- Molecular weight standard: PageRuler™ prestained protein marker (Thermo Fisher Scientific, 26616).
- Gray boxes indicate parts of the blot displayed in the figure.

a

Uncropped blots for Extended Data Figure 2

- Molecular weight standard: PageRuler™ prestained protein marker (Thermo Fisher Scientific, 26616).
- Gray boxes indicate parts of the blot displayed in the figure.

Uncropped blots for Extended Data Figure 4

- Molecular weight standard: PageRuler™ prestained protein marker (Thermo Fisher Scientific, 26616 or Servicebio, G2085).
- Gray boxes indicate parts of the blot displayed in the figure.

Source Data Fig. 8

Uncropped blots for Extended Data Figure 5

- Molecular weight standard: PageRuler™ prestained protein marker (Thermo Fisher Scientific, 26616 or Servicebio, G2085).
- Gray boxes indicate parts of the blot displayed in the figure.

Source Data Fig. 9

Uncropped blots for Extended Data Figure 8

- Molecular weight standard: PageRuler™ prestained protein marker (Thermo Fisher Scientific, 26616).
- Gray boxes indicate parts of the blot displayed in the figure.

Uncropped blots for Extended Data Figure 9

- Molecular weight standard: PageRuler™ prestained protein marker (Thermo Fisher Scientific, 26616 or Servicebio, G2085).
- Gray boxes indicate parts of the blot displayed in the figure.

Uncropped blots for Extended Data Figure 10

- Molecular weight standard: PageRuler™ prestained protein marker (Thermo Fisher Scientific, 26616).
- Gray boxes indicate parts of the blot displayed in the figure.

Source Data Fig. 11

Uncropped blots for Extended Data Figure 11

- Molecular weight standard: PageRuler™ prestained protein marker (Thermo Fisher Scientific, 26616 or Servicebio, G2085).
- Gray boxes indicate parts of the blot displayed in the figure.
