

86 **Additional file 3: Fig. S3. Increased glycolysis and PPP in 5-FU-R CRC cells,**
 87 **related to Fig. 3.**

88 **a.** Unsupervised hierarchical clustering of differential glucose metabolite pools in
 89 WT and 5-FU-R CRC cells.

90 **b.** Comparing basal glycolysis, glycolytic capacity and glycolytic reserve in 5-FU-R
 91 CRC cells to WT CRC cells for assessing the glycolytic stress.

92 For all studies $n \geq 3$. Data are presented as means $\pm$ SEM. Bar chart data were
 93 compared by Student's-t test (* $p < 0.05$, ** $p < 0.01$, and *** $p < 0.001$).
