

Dr Ester Busquets Alibés  
Technical Secretary of the UVic-UCC Research Ethics Committee

## **CERTIFIES**

That at its meeting of 4 October 2021, the UVic-UCC Research Ethics Committee considered the research project:

Title: A socio-ecological approach to reduce the physical activity drop-out ratio in primary care-based patients with type 2 diabetes: The SENWI study protocol for a randomized control trial

Internal code: 177/2021.

Lead researcher: Guillem Jabardo Camprubí.

Considers that:

- It meets suitability requirements in relation to objectives and design methodology.
- It meets ethical requirements for obtaining informed consent and aspects relating to confidentiality.
- The competence of the lead researcher and the resources available are appropriate to carry out the study.

Consequently, this Research Ethics Committee has issued a FAVOURABLE REPORT<sup>1</sup>.
