

Additional file 14. eQTL effect of rs2617170 on *KLRK1*, *KLRK4*, and *KLRK1*

The expression of *KLRK1* (a), *KLRK4* (b), and *KLRK1* (c) by rs26171470 genotype. Residuals after normalization are plotted.

Data for cell subsets with sufficient expression for eQTL analysis are shown.
