

Late Oozoid

Supp. Fig. 9. Expression of bHLH-tun in the oozoid.

(A1-A4) Confocal projections of an early oozoid in three channels and their overlay.

(B1-B4) and (C1-C4) Selected Z-stacks highlighting the oral siphon and the dorsal tube respectively.

Hoechst (cyan), bHLH-tun (magenta), bright field (grey). Asterisk: unspecific stain in the tunic.

Scale bar 50 micron.

Figure legend

tunic	ampulla
endostyle	1 st bud
branchial basket	siphon, oral atrial
h, heart	neural gland
sv, sensory vesicle	& cerebral ganglion
	embryonic muscle cells
